Profile

Dedicated front-end Angular developer with 3+ years of experience in designing, developing and maintaining web applications with Angular 17+ & libraries. Expert in Angular and Agile lifecycle with a proven record of delivering robust web applications. Excited to apply advanced technical skills and extensive knowledge in web services to contribute effectively to mission-critical programs.

Education

Bachelor of Engineering (B.E) from **Savitribai Phule Pune University** 8.36 | 2018-2021 | Pune, India

Diploma in Engineering from **MSBTE** 71.39 % | 2015-2018 | Mumbai, India

SSC (10th) from **Maharashtra State Board** 81.60% | 2014-2015 | Pune, India

Skills

Frontend: Angular 16/17+, Angular Material UI, Bootstrap, ChartJS, Apex Chart, Date Picker, NgRx, RxJS, JSP, HTML, CSS/SCSS, Angular Ant-Design, JavaScript & Typescript

Backend: Core JAVA, spring boot **Database:** Oracle PL/MySQL & MongoDB **Deployment:** CICD Jenkins, Linux

Tools/Software: VS Code, Eclipse mars, Eclipse Neon, Spring tool developer, POSTMAN, PL/SQL Developer, Tortoise Git, Git Bash, Linux, WinSCP, Jira, Jile, CICD pipelines, PAM & MySQL workbench

Professional Experience

Frontend Developer- Angular

March 2022 - present

TATA Consultancy Services Pvt. Ltd

Mumbai, Maharashtra, India

Project: Incident Management Tool

Domain: Security and Privacy

- Developed and maintained dynamic, responsive, and scalable Angular screens and web applications as clean, modular UI components using Angular **Material UI**, **NGRX** for state management, **Angular Ant-Design**, and libraries like **RxJs**, **Date Picker**, **Apex chart** and **ChartJS**, ensuring performance optimization across projects.
- Created common **components, modules, forms, popups, tables, inputs, autocompletes, loaders** and **services** to ensure a consistent look, centralize logic and enhance performance across the application. Successfully implemented designed and implemented **Form array, Pagination, ChartJS & Apex charts**.
- Developed interactive data visualizations in various graph formats, including line, bar, pie and gauge/meter by integrating **Chart.js with Angular**, enhancing the analytical capabilities of web applications.
- Having Expertise in **PL/SQL** for a database write **query's** and **procedure** as per requirement,
- Work as a part-time Backend developer to developing API for a screen as needed like GET, POST with Coordinate with Back-end developers to integrate **RESTful APIs** and improving clients infrastructure
- Enhanced code maintainability by implementing efficient **AWS & GitHub** branching strategies, allowing for 40+ developers to work simultaneously without conflicts
- Managed **SIT, UAT** and **production** deployments using **CI/CD** pipelines, incorporating **DAST, SAST, SonarQube** and suppression of low/high vulnerabilities. Facilitated **Katalon** testing, single-user testing and **QA** approvals to streamlined development, testing and deployment processes.
- Expert in Agile-SCRUM methodology, achieving a 15% reduction in product delivery ensuring high-quality code

Project: TATA Trent (Westside, Zudio, Landmark And Utsa)

Domain: Retails and Sales

- Enhanced **Java debugging** logic, rewrote code, **QA Testing** and implemented improvements to optimize performance. Performed database activities to align with project goals and ensure efficient operations.
- Developed **customized SQL queries** to retrieve data from databases and automated tasks using **Shell scripting** and Linux to streamline and enhance operational efficiency.
- Deployed** EAR/WAR files on **Tomcat servers** within a **Linux operating system**. Conducted post-deployment **server health checks, sanity testing** and defect removal activities to ensure smooth operations.
- Designed and optimized complex SQL queries to meet business requirements. Delivered data solutions by creating and modifying queries in **Oracle PL/SQL, MySQL** for data fetching and **MongoDB** for storing image and files. Performed data restoration, **truncation, alterations** and table creation activities to support APIs.

Awards and Achievements

- Certificate of Recognition Q2
- Angular course
- Certificate of Appreciation Q1
- Professional JAVA Developer
- Associate cloud Engineer certification

Dec 2024 | TATA Consultancy Services Pvt. Ltd

June 2024 | Udemy

Mar 2024 | TATA Consultancy Services Pvt. Ltd

April 2023 | SQUAD InfoTech pvt. Ltd.

April 2023 | Google Cloud
